Get the most from Cash Passport

While you're away

- Enjoy the freedom of Mastercard – you can rest assured your Card will be welcomed all over the world¹ – look out for a Mastercard Acceptance Mark 
- Feel secure with the added security of chip and PIN technology
- For a PIN reminder, you can log into 'My Account' at www.cashpassport.co.za and choose the 'PIN reveal' option, or you can call Card Services to access the automated PIN read-back service, at any time. **Please note that you cannot change the PIN**
- If given the option, **ALWAYS** choose to pay in the local currency e.g. in Greece choose Euros, in Sydney choose AUS Dollars – This will save you being charged additional foreign exchange fees
- Keep track of your spending online via our secure 'My Account', through Card Services, or with our handy mobile app[#]
- Use your Card to make contactless payments,  wherever you see the contactless symbol

When you're back

- Cash out your funds – it is a requirement of the Exchange Control Regulations that all unused foreign exchange is converted to ZAR within 30 days of returning to South Africa. We recommend that you wait until 10 days after your last transaction, before converting the funds back to ZAR, to ensure that all transactions have been processed.
- You can withdraw the balance remaining on your Card at ATMs worldwide¹, displaying the Mastercard Acceptance Mark. Alternatively, you can cash out via FNB Online Banking, by calling the Foreign Exchange Advisory Team or at an FNB Branch, and they'll refund the balance (minus any applicable fees, see the Fees and Limits section).
- Even with a zero balance, your Card is still valid until the date printed on the front and you can reload it for your next trip².

- Review your transactions via 'My Account' or the mobile app – see where you overspent or where you could have saved.
- Use your Card to shop online, internationally!

Smart wallet technology

It knows the right currency to use

Our clever technology allows you to load your Card in any one of these currencies, or all of them at the same time:

US Dollar, British Pound, Euro, Australian Dollar, Canadian Dollar, New Zealand Dollar, Emirati Dirham.

It can intelligently select the right currency wallet to make a payment from at the time of your transaction. It will know if you are in Paris or in New York without you having to tell it!

It knows where your money is

If you don't have enough in the right currency for the payment you need to make, instead of declining a transaction, the smart wallet technology can process the transaction by using a different wallet, in the order set out above. There is a fee to do this – the foreign exchange fee.

¹ The Card may only be used outside the Common Monetary Area (being South Africa, Lesotho, Swaziland and Namibia). The Card may be used for online purchases provided that the website used is not registered in the Common Monetary Area. In addition, there may be some other countries or geographical regions where usage of the Card is prohibited. Please verify the list of prohibited countries and regions at www.cashpassport.co.za

² Until Card expiry and subject to Exchange Control Regulations and reload limits (see the Fees and Limits section).

[#] You may also be able to make a balance enquiry at some ATMs, although availability is dependent on the country and the ATM used. There may be a fee payable (to the ATM operator) for balance enquiries. If an ATM displays a balance for the Card Fund, then this may be displayed in USD or in a different currency, in which case the exchange rate applied may be different to ours and discrepancies can arise. An ATM will not display a balance for each Currency. An accurate balance for each Currency can be obtained through 'My Account' at www.cashpassport.co.za, through Card Services, or via the mobile app.

Use your Card to¹:

- pay for hotel rooms and flights
- pay for trips and tours
- buy gifts and souvenirs
- buy meals out for the family
- Shop online internationally

Please note, when using your Card to book a hire car or accommodation, on cruise ships or at automated fuel pumps, an additional amount may be held on your Card (on top of the actual cost) as a deposit to cover potential damage, use of a mini bar etc. You won't be able to spend this deposit but will get the money back (if you don't owe it!). It can take time to show back on your Card.

¹The Card may only be used outside the Common Monetary Area (being South Africa, Lesotho, Swaziland and Namibia). The Card may be used for online purchases provided that the website used is not registered in the Common Monetary Area; in addition, there may be some other countries or geographical regions where usage of the Card is prohibited. Please verify the list of prohibited countries and regions at www.cashpassport.co.za

2. The Card

2.1 Subject to Exchange Control Regulations, the Card can be (re)loaded in any available Currency. Payment will be in ZAR and the exchange rate will be applied by the Purchase Location. Please check with the Purchase Location or at www.cashpassport.co.za to find out how you can reload the Card, as we may make additional methods available from time to time. Unless otherwise notified to you, the Agreement shall apply to such additional methods. You may only use the Card in accordance with the Agreement.

2.2 The Currencies available in respect of the Card may vary from time to time. Before you make a decision to purchase a Card, please check with the Purchase Location or on www.cashpassport.co.za for details of available Currencies. We may introduce new Currencies from time to time. If we introduce a new Currency, the Agreement shall apply to such new Currency, and unless otherwise notified to you, the Fees and Limits section in the easy guide shall be deemed to be amended to apply to such new Currency.

2.3 Subject to clause 3.4 and Exchange Control Regulations, you are responsible for determining the amount held in each Currency and for ensuring you have sufficient funds for all transactions. Subject to the terms of the Agreement, you may allocate amounts between the various Currencies via **My Account** at www.cashpassport.co.za and/or by such additional methods as we may make available to you from time to time. You may check the Card balance and recent transactions via **My Account**. Please visit the Purchase Location who can advise on any additional formats for

obtaining the transaction history of the Card that may be available from time to time.

2.4 At the time of purchase, you may request one (1) Additional Card, which can be used as a backup by you. The Additional Card is linked to the Card Fund and only you can use it and its PIN. The Additional Card must not be given to another person to use, this may lead to the Card being suspended. You may be charged a fee, as set out in the Fees and Limits section in the easy guide, for the Additional Card.

2.5 There is no interest payable to you on the balance and the Card Fund does not amount to a deposit with us.

2.6 Subject to our consent and Purchase Location participation, a Card may be sold to minors under the age of eighteen (18) years. We will require: (i) the consent and assistance of the minor's parent or legal guardian, to be evidenced by a signature from that minor's parent or guardian; and (ii) verification of the identity of both the minor and parent or legal guardian, in accordance with our instructions from time to time.

3. Using the Card

3.1 If you purchase your Card on a working day, there may be a delay of up to twenty-four (24) hours (or as advised by the Purchase Location), before you are able to use the Card. If you purchase your Card on a day that is not a working day, the Card will be activated on the next occurring working day.

3.2 Except for the CMA countries, the Card can be used worldwide at ATMs and merchants, including shops, restaurants and online purchases (except where the website is registered in the CMA, or at websites accepting payment in the currencies of the CMA), providing there are sufficient funds available on the Card for the transaction, including any applicable fees, subject to any restrictions in the Agreement and local law requirements. The Card may not operate in some countries or geographical regions, due to restrictions. Please verify the list of countries and regions with restrictions at www.cashpassport.co.za

3.3 Subject to clauses 3.4 and 8.3, the applicable Currency balance (and therefore the total Card Fund) will be debited with the amount of each cash withdrawal or transaction plus any fee, and these debits will reduce the balance of the applicable Currency (and therefore the total Card Fund). Merchants that accept the Card are required to seek authorisation from us for all the transactions that you make and we cannot stop a transaction once authorised. Some merchants may not be able to authorise your transaction if they cannot obtain an online authorisation from us. Examples include some in-flight purchases, car park vending machines and toll booths.

3.4 If there are insufficient funds in a particular Currency to pay for a transaction, the balance of the transaction will be automatically processed using other Currencies held on the Card, in the following order of priority: USD, GBP, EUR, AUD, CAD, NZD, AED. If, following use of the available balances of all Currencies, there are still insufficient funds to pay for a transaction, the Card may be declined or the merchant may allow you to pay the balance by some other means. If we change the Currencies available to you in connection with the Card, we will notify you of the new order of priority for the purposes of the Agreement, directly to the contact details you provided to us when you purchased the Card and/or through www.cashpassport.co.za

3.5 When using the Card at certain merchants, including bars and restaurants, an additional amount (typically 10%-20%) is automatically added as an anticipated service charge or tip, temporarily reducing the balance on the Card. When the Card is used to purchase fuel at an automated fuel pump, the Card must have a minimum balance of typically between US\$15-75 or currency equivalent. This is to ensure there are sufficient funds available to cover the final cost of the transaction and to reduce the risk of a negative balance arising on the Card. If your actual service charge or tip is less than the additional amount added or you spend less than the minimum amount when purchasing fuel, it may take up to seven (7) days from the date of the transaction before the difference is available to spend. Only the actual amount of the final bill agreed between you and the merchant will be deducted from the Card. If the value of the final bill exceeds the relevant available Currency balance on the Card, the remaining amount will be funded by converting that amount into the next available Currency in the order of priority (see clause 8). For further information, please refer to the FAQs at www.cashpassport.co.za

3.6 We do not recommend using the Card as: (i) a guarantee of payment, for example as a deposit for hotels, cruise lines or car rental, as merchants such as these may estimate the final bill and this amount will be temporarily unavailable to access or spend; or as (ii) an arrangement for periodic billing, as any debits to the Card as a result of such arrangements will be considered to have been authorised by you. A transaction or payment cannot be stopped once you authorise the use of the Card.

3.7 The Card is only for your use and expires on the date on the front of the Card. Upon expiry, you will still be able to obtain a refund of the balance in accordance with the Agreement, or you may choose to transfer the remaining funds to a new Card. The Purchase Location may charge you for this service.

3.8 If the Card is damaged, lost or stolen while you are travelling, you may contact Card Services to request a replacement Card

("Replacement Card"). If you are in your home country and require a Replacement Card because your Card has been damaged, lost or stolen, you need to visit your Purchase Location. Any request for a Replacement Card must be made on or before the expiry of the Card (see clause 10) and the balance of the Card will be transferred to the Replacement Card. A Replacement Card will be free of charge.

3.9 If you have not used the Card for loads, reloads or transactions for twelve (12) consecutive months, a fee will be charged for each month that the Card remains inactive after the initial twelve (12) month period. The monthly inactivity fee is deducted from the Card Fund. If a foreign exchange conversion takes place, the foreign exchange rate used is the rate determined by Mastercard to be the wholesale rate in effect on the day the fee is applied.

3.10 You agree not to use the Card for: (i) money transfers; (ii) accessing or purchasing goods from adult or gambling locations or internet sites; (iii) online or telephone purchases within the CMA; (iv) to obtain cash over the counter at a bank, any other financial institution or retailer within the CMA when making a purchase; or (v) for any unlawful activity. You must comply with all applicable laws and regulations (including any Exchange Control Regulations) in respect of the Card in the country of purchase and/or use. We reserve the right to suspend the Card, terminate the Agreement and exercise any other remedies available to us due to your failure to comply with any part of this provision.

3.11 The Card can only be used if it is in credit. If a Shortfall arises following any transaction authorised by you, the resulting debit balance immediately becomes a debt, payable by you to us and we retain the right to recover this debt and a Shortfall fee may be payable (see the Fees and Limits section in the easy guide). You agree to reload the Card Fund, including the Shortfall fee, to bring the balance back to zero (0) or above, within thirty (30) days of request. If the Card Fund does drop below zero (0), you must not make any subsequent transactions.

3.12 We are entitled to set off any sum of money on the Card due from you to us against any positive balance on any other card held by you with us.

3.13 Any usage of the Card inconsistent or in contravention with the usage described in the Agreement is not permitted.

3.14 If you are entitled to a refund for goods or services purchased using the Card, or another credit for any other reason, this will be made to the Card and a foreign exchange rate may be applied.

3.15 You acknowledge that we may be unable to provide you with our services if power outages occur which affect our facilities, electronic terminals, service providers or

supporting networks and we hereby give you notice of unavoidable delays in the performance of our services if this occurs.

3.16 **Except as otherwise set out in these terms and conditions or in the event we acted with gross negligence or fraudulent intent, any liability we have to you is equal to the balance or the value on the Card at any given time.**

4. Keeping your Card and PIN secure

4.1 You must sign the back of the Card, as soon as you receive it.

4.2 You must do all that you reasonably can to keep the Card safe and the PIN and other security details secret and safe at all times and not disclose them to any third party.

4.3 You must never: (i) allow anyone else to use the Card, PIN or other security details; (ii) write down the PIN or any other security information together with the Card; or (iii) give the PIN to anyone, authorised or unauthorised.

4.4 We will never ask you to reveal any PIN.

4.5 The PIN may be disabled if an incorrect PIN is entered three (3) times. If the PIN is disabled, please contact Card Services for assistance. There may be a twenty-four (24) hour delay in reactivating the PIN, and we may not be able to reactivate the PIN whilst you are abroad. If the PIN is disabled, or if a merchant does not accept chip and PIN or contactless, you will be required to sign for any transactions at merchants, provided that this is supported by and acceptable to the merchant.

4.6 You must call Card Services immediately and without undue delay if you lose the Card, believe it could be misused or you suspect that someone else may know the PIN or any other security details. We will suspend the Card to prevent further use. If a lost Card is subsequently found, it must not be used unless Card Services confirm it may be used.

4.7 You will be required to confirm details of any loss, theft or misuse to Card Services in writing and you must assist us and the police in any enquiries.

4.8 We may suspend the Card, with or without notice, if we think the Card has been or is likely to be misused, if you have breached the Agreement or if we suspect any illegal use of the Card. If we do suspend the Card, we will inform you of our decision, unless such disclosure is prohibited by law or would otherwise compromise fraud prevention or security measures.

4.9 You must memorise the PIN. **This is very important, as you cannot change the PIN issued with the Card.** For security purposes, you should not keep the PIN written anywhere near the Card. If you forget the PIN, you can obtain a PIN reminder by calling Card Services at any time, and answering the security questions you supplied on your application.

5. Liability for unauthorised transactions

5.1 We recommend that you check your transaction history and balance at least once a month. If you notice an error in any Card transaction, or a Card transaction that you do not recognise, you must notify Card Services immediately and in any event within thirty (30) days of the transaction debit date. We will request that you provide additional written information concerning any such Card transaction and you must comply with such request.

5.2 Except to the extent that we acted fraudulently or with gross negligence, you will be liable for all losses in respect of the Card if you have (i) acted fraudulently; (ii) failed to use the Card in accordance with the Agreement; (iii) have failed to notify Card Services without undue delay on becoming aware of the loss, theft or misuse of the Card; or (iv) have failed to take all reasonable steps to keep the Card's security features safe.

5.3 Where you are not liable for an unauthorised transaction, we will refund the value of that transaction and will have no further liability to you for any other losses you may suffer. If our investigations conclude that the transaction you have disputed has been authorised by you or on your behalf, or you have acted fraudulently, we will not refund the value of the transaction and we may charge you an investigation administration fee of up to US\$80. If there are insufficient funds available on the Card in USD, the amount will be funded by converting the outstanding amount into the next available Currency balance on the Card in the following order of priority: GBP, EUR, AUD, CAD, NZD, AED, and a foreign exchange rate will be applied (see clause 8). The foreign exchange rate used is the rate determined by us in effect on the day the investigation administration fee is applied.

6. Fees and Limits

6.1 Fees and limits apply to the Card, as indicated in the Fees and Limits section in the easy guide. The fees we charge are subject to change from time to time, in accordance with the Agreement. You will be notified of any change in the applicable fees.

6.2 You agree to pay and authorise us to debit the Card Fund for the fees set out in the Fees and Limits section in the easy guide.

6.3 From time to time, we may limit the amount you can load on the Card, or the amount you can withdraw from ATMs or spend at merchants over certain time periods. Some ATM operators and merchants also impose their own limits on the amount that can be withdrawn or spent over a specific time period.

6.4 Certain merchants may charge an additional fee if the Card is used for the purchase of goods and/or services. The

fee is determined and charged by the merchant and is not retained by us.

6.5 For details on the fees and limits that apply to the Card, please refer to the Fees and Limits section in the easy guide, or visit www.cashpassport.co.za

7. Cash Passport Card Fund

7.1 Until the expiry of the Card or termination of the Agreement, you can, subject to Exchange Control Regulations, add additional funds to each Currency through the Purchase Location (who will advise you of the acceptable methods of payment) or through other methods made available from time to time, which are set out at www.cashpassport.co.za, subject to certain limits and a fee (refer to the Fees and Limits section in the easy guide).

7.2 You may also be able to make a balance enquiry at some ATMs, although availability is dependent on the country and the ATM used. There may be a fee payable (to the ATM operator) for balance enquiries.

7.3 If an ATM displays a balance for the Card Fund, this may be displayed in a currency different to the Currency on the Card, in which case the exchange rate applied may be different to ours and a variation may occur. An ATM will not display a balance for each Currency. An accurate balance for each Currency can be obtained through **My Account** at www.cashpassport.co.za or through Card Services.

7.4 Information sent over the internet may not be completely secure and the internet and the online systems are not controlled or owned by us or the Programme Manager. Therefore, neither we, nor the Programme Manager, can guarantee that they will function at all times. Except to the extent that we acted fraudulently or with gross negligence, we, and the Programme Manager, accept no liability for unavailability or interruption, or for the interception or loss of Personal Information or other data.

8. Foreign Currency Transactions

8.1 There are some instances where a foreign exchange rate will apply:

- i) initial load or reload, where you allocate funds in a foreign Currency;
- ii) point of sale transactions and ATM withdrawals, where the transaction is in a currency that is not one of the Currencies available on the Card (including any transaction where we deduct funds under clause 3.4 due to insufficient funds);
- iii) when an ATM fee is charged and the currency of your transaction does not match one of the Currencies on the Card or there are insufficient funds in the relevant Currency to cover the whole transaction;

iv) where funds are allocated from one Currency to a different Currency by you or us in accordance with the Agreement;

v) when a refund for goods or services purchased using the Card, or another credit for any other reason, is made to the Card in a currency that is not available on the Card;

vi) where you end the Agreement or request repayment of the balance of the Card under clause 9; and

vii) when an investigation administration fee, cash out fee or monthly inactivity fee is charged.

The method for calculating the foreign exchange rate for each scenario is as set out below.

8.2 The foreign exchange rate used for initial loads and reloads varies by Purchase Location. When funds are loaded onto the Card, the payment is made by you in ZAR and we convert that amount into the Currency of your choice. You can ask the Purchase Location for the exchange rate beforehand. Foreign exchange rates are subject to variation and the rate that applies one day will not necessarily be the same on any other day.

8.3 If a point of sale transaction or ATM withdrawal is made in a currency which is different to any of the available Currencies on the Card, or exceeds the relevant available Currency balance on the Card, the amount will be funded by converting the transaction amount into the next available Currency balance on the Card, in the following order of priority: USD, GBP, EUR, AUD, CAD, NZD, AED. The foreign exchange rate used is the rate determined by Mastercard to be the wholesale rate in effect on the day the transaction is processed by Mastercard, plus the foreign exchange fee (see Fees and Limits section in the easy guide).

8.4 If an ATM withdrawal is made in a currency which is different to any of the available Currencies on the Card, or exceeds the relevant available Currency balance on the Card, the USD ATM Fee will be applied and will be converted into the last Currency being used to fund the transaction at a foreign exchange rate determined by Mastercard to be the wholesale rate in effect on the day the transaction is processed.

8.5 The foreign exchange rate and margin (together, the Currency to currency transfer fee) used when allocating funds from one Currency to another Currency are set and determined by us and may vary each day. The Currency to currency transfer fee will be disclosed to you before you complete the transfer.

8.6 Where a refund for goods or services purchased using the Card, or another credit for any other reason, is made to the Card in a currency that is not available on the Card, the refund or credit will be converted into USD as described in clause 3.14.

8.7 Where you end the Agreement, or request repayment of the Card Fund under clause 9, these funds will be converted into local currency (ZAR). The foreign exchange rate used for this is set and determined by the Purchase Location and varies each day.

8.8 Where an investigation administration fee is charged and there are insufficient funds in USD, the amount will be funded by converting the outstanding amount into an available Currency balance on the Card. The method for calculating this is described in clause 5.3.

8.9 Where a monthly inactivity fee or cash out fee is charged, a foreign exchange rate may be applied. The method for calculating this is described in clauses 3.9 and 9.2.

8.10 Foreign exchange rates can fluctuate and the rate that applies one day will not necessarily be the same on any other day. They may also change between the time a transaction is made at a merchant and the time it is processed by Mastercard and billed to your Card. Where a Mastercard foreign exchange rate is applied the rate may vary throughout the day and is not set by us.

9. Redeeming Unspent Funds

9.1 You must redeem any unspent Card Fund through the Purchase Location within thirty (30) days of your return to South Africa in accordance with local law and regulations. Payment will be in ZAR and the exchange rate will be determined by the Purchase Location.

9.2 A fee may be charged by the Purchase Location for redeeming your balance at the Purchase Location. Please check with the Purchase Location. You can also contact the Purchase Location for more information on the applicable exchange rate.
