TFT Monitor section

Screen Size : 6.8 inches
 Display Resolution : 1024x600 dots
 Contrast Ratio : 500

USB interface section

USB Standard : USB 2.0 Full Speed
 File System : FAT 16/32
 Maximum Current : DC 5V=1.5A
 D/A Converter : 24Bit

Bluetooth section

Communication System : Bluetooth Ver 4.1
 Output : Bluetooth Standard Power Class 2
 Maximum Communication Range : Approx. 10meters
 Frequency Band : 2.4 GHz
 Compatible Bluetooth Profiles : HFP/SPP/A2DP/AVRCP
 Supported Codexes : SBC (Sub Band Codec)

Radio section

Frequency FM range : 87.5-108.0MHz
 Frequency AM(MW) range : 526.5-1606.5 KHz
 Usable sensitivity : 13.2 uV (FM)
 : 44.7 uV (AM)(MW)

Video section

Color System of External Video Input : NTSC/PAL
 External Video Input (RCA/3.5m Jack) : 1 Vp-p / 75 Ω

Audio section

Maximum Power : 50Wx4
 Continuous Power : 22 Wx4
 Output (RMS) Preout Level (V) : 4V/10k Ω
 Preout Impedance : ≤1.3k Ω
 Speaker Impedance : 4-8 Ω
 Output Frequency Band : 20-20000Hz

General

Operating Voltage : 12V(10.5-16 V)
 Operational Temperature Range : -20° C--+60° C
 Maximum Current Consumption : 15A

Support Formats

Support Audio Formats

- MP3/WMA/AAC Bit rate: 16-320 Kbps, VBR
- WMA Version V9 or earlier
- ID3 Tag Version 1.0/1.1/2.2/2.3/2.4

Support Video Formats

- MPEG 1 (.mpg, mpeg), 720x480(30fps)
- MPEG 2 (.mpg, mpeg), 720x480(30fps)
- MPEG 4 (.mp4, avi), 720x480(30fps)

Support File / Folder Formats

- Directory nesting up to a maximum of 8 levels
- Number of tracks/titles: maximum 999
- Number of albums/folders maximum 99

	Bands	Frequency	Max. power
Bluetooth classic	2.4G	2402-2480MHz	9.71 dBm BIRP
AM		526.5kHz-1606.5kHz	
FM		87.5MHz-108MHz	

This product can be used across EU member states

FCC statements:

Federal Communication Commission (FCC) Radiation Exposure Statement

When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC ID:2AYZB-GX3800

IC statements:

This device complies with Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Cet appareil est conforme avec Industrie Canada RSS exemptes de licence standard(s).

Son fonctionnement est soumis aux deux conditions suivantes:

- (1) cet appareil ne peut pas provoquer d'interférences, et
- (2) cet appareil doit accepter toute interférence, y compris celles pouvant causer un mauvais fonctionnement de l'appareil.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Radiation Exposure Statement:

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Déclaration d'exposition aux radiations:

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.
