USING YOUR TRS-ACTIVECARE 2 PLAN

How the plan works when you need care

The best way to get the most from your TRS-ActiveCare 2 plan is to understand how it works **before** you and your family need care.

You meet a deductible each year

The deductible applies to all covered expenses EXCEPT in-network preventive care (including certain generic preventive prescription drugs) and in-network doctor's office visits (see below).

- If you have individual coverage, you must meet the individual deductible before benefits begin.
- If you have family coverage, three or more family members combined can meet the family deductible. Once the family deductible is met, all family members will have met the deductible.

Remember: There are separate in-network and out-of-network deductibles. Only in-network expenses will apply to the in-network deductible, and only out-of-network expenses will apply to the out-of-network deductible.

FIND the plan's deductible, coinsurance and out-of-pocket maximum amounts on the TRS-ActiveCare 2 Plan Highlights chart, page 18.

You pay a share of expenses

Once the deductible is met, the plan pays a percentage of your covered expenses, and you pay a percentage (coinsurance). You pay a lower deductible and less in coinsurance when you choose in-network providers.

You pay a flat fee (copay) for in-network office visits

For most in-network doctor's office visits, you pay a flat dollar amount, called a copay. Deductible and coinsurance do not apply. When you go outside the network, you must first meet the deductible, then pay a percentage (coinsurance).

You're protected from high out-of-pocket costs

If your share of expenses reaches the plan's out-of-pocket maximum, the plan will pay benefits at 100% for the rest of the plan year.

Remember:

- There are separate in-network and out-of-network out-of-pocket maximums. Only in-network expenses will apply to the in-network out-of-pocket maximum, and only out-of-network expenses will apply to the out-of-network out-of-pocket maximum.
- The out-of-pocket maximum applies to each covered person individually, up to the maximum per family. The individual out-of-pocket maximum only includes covered expenses for that individual. Once each covered person meets his/her individual out-of-pocket maximum, the plan pays benefits at 100% for that person.

The TRS-ActiveCare 2 plan in action

Now let's look at an example that shows how costs are shared for different types of health care services.

The chart on the right shows how the medical plan works for the Johnsons. John and Sharon are an empty nester couple. The Johnsons want to save money on their health care expenses, so they only use network providers.

- John has a chronic condition and visits his primary care physician three times a year for follow-up care. After John pays his \$30 copay per visit, the plan pays 100%, not subject to the deductible.
- John has his blood work done four times a year at a Quest lab. The lab work is covered at 100%, not subject to the deductible.
- John takes two long-term prescription medications on a daily basis. He takes advantage of the plan's mail-order pharmacy. John pays \$45 per prescription for a 90-day supply. By using this service, he saves money and time.
- Sharon believes she has pink eye. She calls Teladoc and talks to a doctor, who diagnoses her with an eye infection. The doctor calls in a generic prescription to her network pharmacy. Sharon pays \$20 for her generic medication. The plan pays 100%, not subject to the deductible for the Teladoc consult.
- Sharon has her annual preventive OB/GYN exam with her network gynecologist. The exam and Pap test are covered at 100%, not subject to the deductible.
- Sharon has an outpatient surgery. She pays her deductible (\$1,000) and a \$150 copay before the plan pays 80% (\$1,656) of the cost. Sharon is responsible for the remaining 20% (\$414) of the network negotiated cost.

Case Study: John and Sharon Johnson

Deductible	\$1,000 (individual); \$3,000 (family)
Covered expenses (John)	\$425 (three primary care physician visits)
Paid by John	\$90 (\$30 primary copay per visit)
Paid by plan (100% after copays, no deductible)	\$335
Covered expenses (John)	\$225 (lab tests at a Quest lab)
Paid by plan (100%, no deductible)	\$225
Covered expenses (John)	\$1,800 (two annual generic prescriptions)
Paid by John	\$360 (copays for mail-order generic prescriptions)
Paid by plan (100% after copays, no deductible)	\$1,440
Covered expenses (Sharon)	\$160 (Teladoc consult and generic prescription)
Paid by Sharon	\$20 (copay for prescription)
Paid by plan (100% after copay, no deductible)	\$140
Covered expenses (Sharon)	\$325 (OB/GYN preventive exam and Pap test)
Paid by plan (100%, no deductible)	\$325
Covered expenses (Sharon)	\$3,200 (outpatient surgery)
Paid by Sharon	\$1,544 (\$980 to meet deductible; \$150 copay; \$414 coinsurance)
Paid by plan (80% after copay and deductible)	\$1,656
Plan paid	\$4,121
Paid by John	\$450
Paid by Sharon	\$1,564
Amount applied to Deductible	\$1,000 (Sharon met her deductible) \$450 (John deductible)

HOW TO SAVE ON HEALTH CARE

Know where to go, how to spend wisely

The choices you make when you need care can make a big difference in what you pay out of your own pocket. Here are some money-saving tips:

Stay in network

It pays to choose doctors, hospitals and other care providers that belong to Aetna's network. Here's why:

- Your deductible is lower, so benefits start sooner.
- Your out-of-pocket maximum is lower, so you reach it sooner. Remember, the plan pays benefits at 100% once you reach the out-of-pocket maximum.
- In-network providers negotiate their rates with Aetna for TRS-ActiveCare participants. This means savings for you.
- In-network providers don't charge more than the plan's allowable amount for a given covered service. An out-of-network provider may bill you for the difference between his/her actual charge and the allowable amount.
- In-network providers save you time by filing claims and taking care of the plan's precertification requirement for you.

Compare in-network vs. out-of-network deductibles and out-of-pocket maximums. See the TRS-ActiveCare 2 Plan Highlights chart on page 18.

Find in-network providers: Go to www.tractivecareatna.com and click "Find a Doctor or Facility" on the home page. Or call TRS-ActiveCare Customer Service at **1-800-222-9205** for help to find in-network providers near you.

Visit an urgent care center or walk-in clinic for non-emergency care

If you visit a hospital emergency room (ER) when you do not have a life-threatening emergency, your cost will be high. A smarter choice is an urgent care center or walk-in clinic. You'll get treated sooner and pay much less than you would for the same care in the hospital ER.

Compare in-network vs. out-of-network deductibles and out-of-pocket maximums. See the TRS-ActiveCare 2 Plan Highlights chart on page 18.

What about freestanding emergency rooms? Freestanding emergency rooms look a lot like urgent care or walk-in clinics; but the services and prices are more similar to a hospital ER. This means your non-emergency visit could cost a lot more than you expect.

Find in-network urgent care centers and walk-in clinics: Go to www.tractivecareetna.com and click “Find a Doctor or Facility” on the home page.

Use a Quest Diagnostics® lab

Quest Diagnostics has agreed to lower rates for TRS-ActiveCare participants. This means your share of costs will be less when you use a Quest lab. To find one, go to www.tractivecareetna.com and click “Find a Doctor or Facility” on the home page.

Find and compare costs

Find out what care will cost ahead of time with the Member Payment Estimator. You can enter your treatment or service and compare costs among up to ten in-network providers. You may be surprised to see the difference.

To use the tool, link to Aetna Navigator® from www.tractivecareetna.com. Then select See Coverage & Costs>Estimate Costs.

Talk to a doctor or nurse from home

Sometimes all you need is a few minutes of a doctor’s time or a quick answer from a nurse – without the cost and hassle of a medical appointment.

Teladoc is a service that lets you talk by phone or video chat with board-certified primary care doctors (including pediatricians). Teladoc doctors are available 24/7 and can diagnose, treat and prescribe, all at no cost to you. Call **1-855-TELADOC (1-855-835-2362)**.

The 24-Hour Nurse Information Line is staffed by registered nurses who can answer health-related questions, provide information, help you understand medical terms and conditions, and advise on where to seek care. Call **1-800-556-1555**.

Use your Aetna member discounts

As an Aetna member, you can take advantage of discounts and special rates on health-related services and products, including:

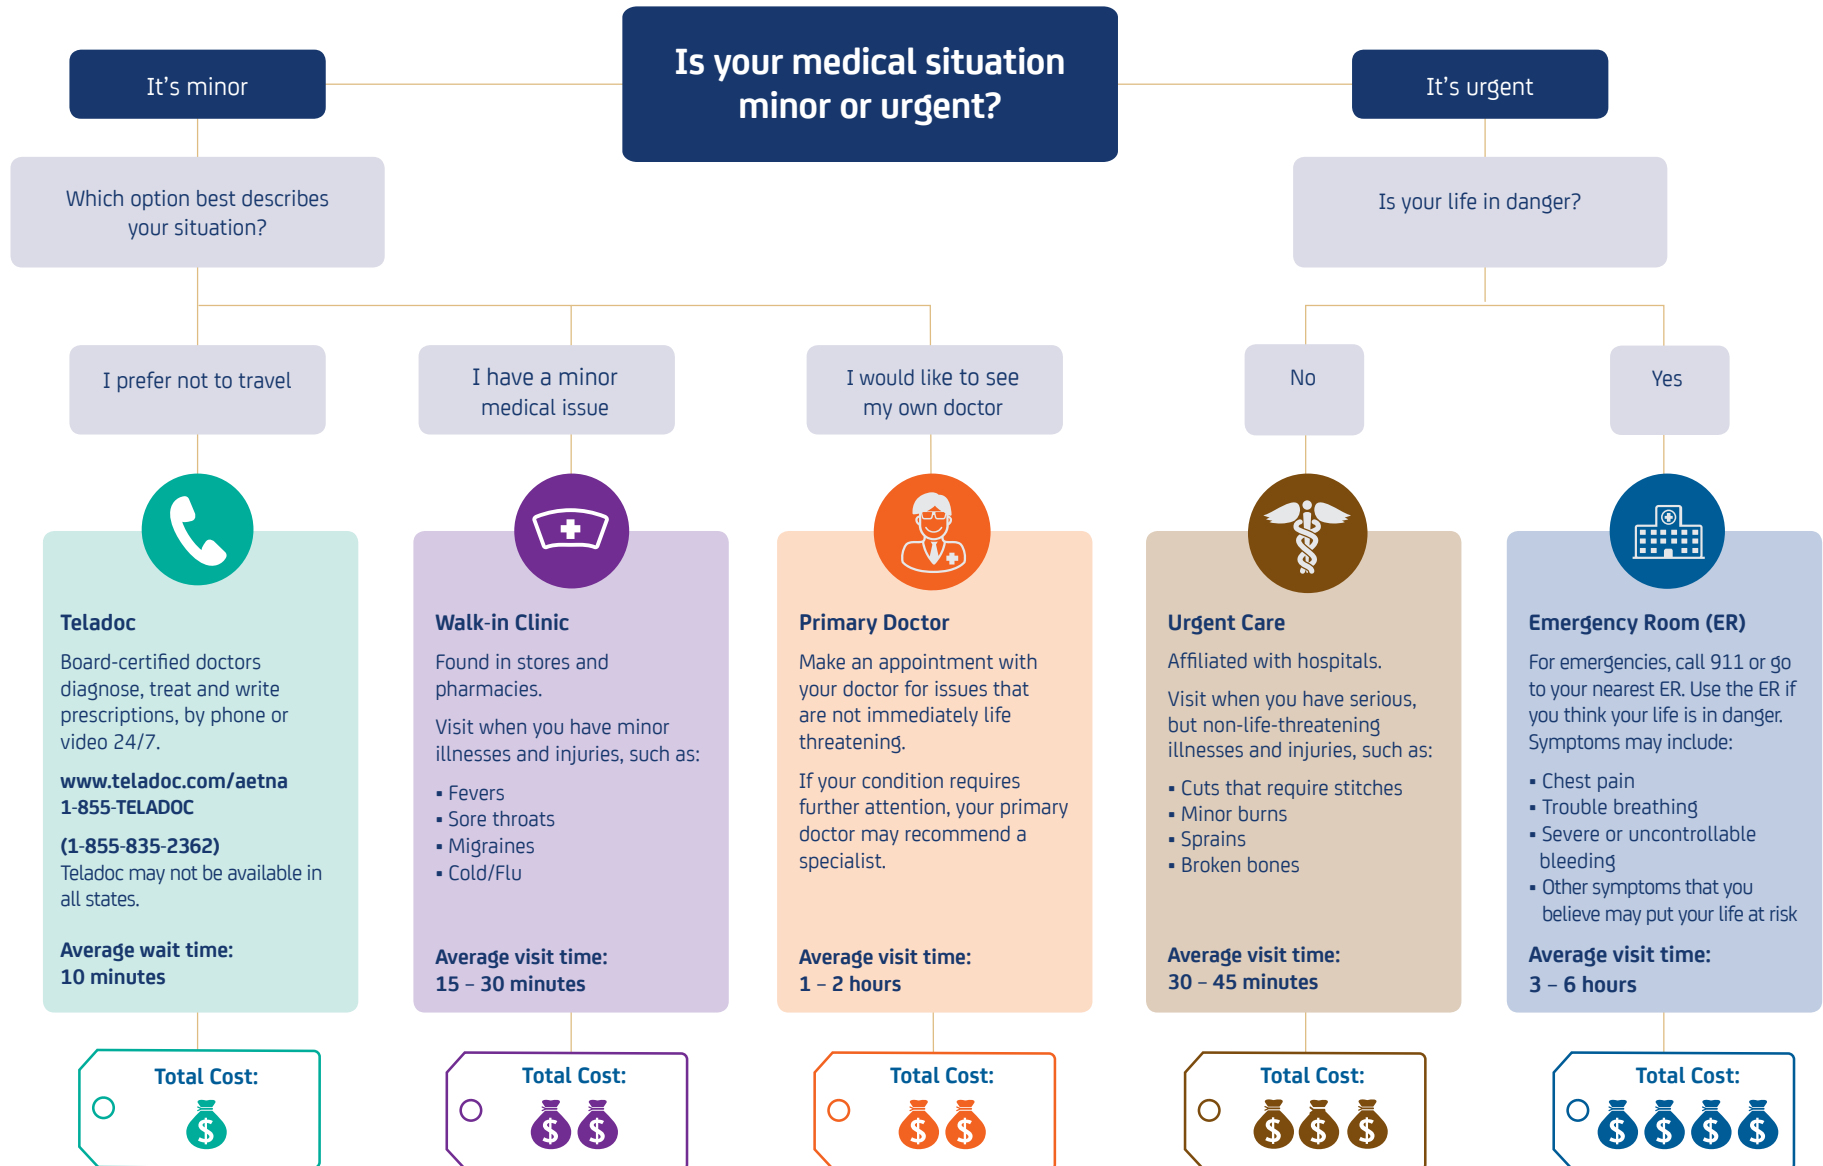

- vision and hearing care,
- fitness memberships and equipment,
- natural products and services, such as massage and chiropractic,
- weight management programs,
- books, CDs, magazine subscriptions,
- travel, family care, dining and more.

To learn more and get started with your discounts, link to Aetna Navigator from www.tractivecare.aetna.com. Then select Stay Healthy>Discounts.

KNOWING YOUR OPTIONS FOR MEDICAL CARE CAN HELP SAVE YOU TIME AND MONEY

Follow the path below for help in getting the right level of care at the right place for the lowest cost.

RESOURCES FOR A HEALTHIER YOU

Reach your wellness goals with no-cost programs and services

Whether you want to lose weight, quit smoking, manage a chronic condition or find your way in the health care system, your TRS-ActiveCare 2 plan has resources that can help.

Preventive care is covered at 100%

Preventive services are covered at 100% with no deductible when you use in-network providers. Take advantage and stay up to date on routine physical exams, cancer screenings, immunizations and wellness counseling.

Preventive care also includes women's preventive care (checkups, contraception, prenatal care) and certain generic preventive drugs (anticoagulants, blood pressure and cholesterol medications, prenatal vitamins). For a complete list of covered preventive services, refer to the TRS-ActiveCare Benefits Booklet at www.trsactivecareetna.com.

Join the Navigate Wellbeing Solutions — Live Healthy America Challenge

Live Healthy America is an eight-week challenge sponsored by TRS-ActiveCare and Aetna. You can participate as part of a team of 2 to 10 people, or as an individual. You'll set goals, take part in team activities, track your progress — and win prizes for your team or school.

To join, visit www.trsactivecarelivehealthychallenge.com.

Take “simple steps” to better health

Simple Steps To A Healthier Life® is an online health and wellness program that helps you reach wellness goals — step by step.

You start by taking the Health Assessment. This is a questionnaire that covers topics such as your health history, lifestyle and habits, recent screening results and others.* It takes just 15 minutes, then you'll receive a personalized health report and action plan.

*Information you provide as part of the Health Assessment is kept private.

Your plan will include recommendations for online health coaching programs you can follow at your own pace to reach goals, such as:

- quitting tobacco,
- controlling blood pressure,
- eating healthier,
- exercising regularly,
- reaching your healthy weight,
- and more.

Within each program, you select a Journey® that breaks goals down into manageable steps. Read articles, take quizzes and use fun tools as you progress through the program and toward a healthier you.

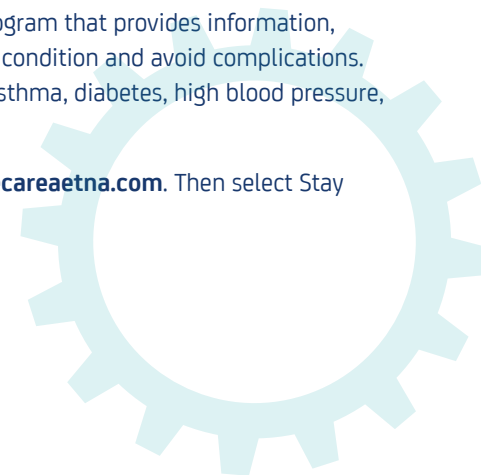

Get started: Link to Aetna Navigator from www.tractivecareetna.com. Then select Stay Healthy>Complete Your Assessment.

Live healthier with a chronic condition

If you or a family member is living with a chronic condition, you know the challenges of staying on track with treatments, medications and healthy habits. With Aetna Health ConnectionsSM, you have help.

Aetna Health Connections is a condition management program that provides information, coaching and monitoring to help you better manage your condition and avoid complications. The program covers more than 30 conditions, including asthma, diabetes, high blood pressure, heart disease, osteoporosis and more.

Get started: Link to Aetna Navigator from www.tractivecareetna.com. Then select Stay Healthy>Health Programs.

Get help to navigate the health care system

The Aetna Care Advocate Team (CAT) is a group of trained nurses that can help you:

- understand medical conditions and terms,
- know more about treatments and procedures,
- coordinate complex medical services,
- and more.

To talk with a CAT care coordinator, call **1-800-222-9205**.

Work on your wellness

Healthy habits and smart everyday choices add up. Start simple:

- Go for a walk. Aim for 30 minutes a day.
- Quit smoking. The health benefits start immediately.
- Eat more plant-based foods. Have fruit with breakfast. Eat a salad every day.
- De-stress. Take time each day to meditate, do yoga, talk with a friend.

GIVE YOUR BABY A HEALTHY WELCOME

Plan benefits and resources provide a healthy start in life

Get baby started with TRS-ActiveCare 2

Your TRS-ActiveCare 2 plan automatically provides medical coverage for your newborn for the **first 31 days** after birth. You must actively enroll your baby within 31 days of his/her date of birth.

Join the Beginning Right® maternity program

The Beginning Right maternity program can help you or your covered spouse have a healthier pregnancy and deliver a healthier baby. The program offers:

- answers, information and support from an obstetrically trained nurse,
- a pregnancy risk survey to help identify issues that need special attention,
- a pregnancy handbook (available in English or Spanish) with information, resources and tips for you and baby,
- a personalized smoking cessation program,
- information for dad or partner.

Get a \$100 Babies“R”Us gift card, available for you or your covered dependent. Join Beginning Right and complete the program (including one post-partum call from a program nurse), and the \$100 gift card from Babies“R”Us will be mailed to your home.

Join the program:

Call Beginning Right at **1-800-272-3531**. Or link to Aetna Navigator from **www.tractivecareetna.com**, then select Stay Healthy> Health Programs.

YOUR PRESCRIPTION DRUGS

Your plan offers convenience, services and savings from CVS Caremark

How to fill your prescriptions

Where you can fill prescriptions depends on the type of medication you need, as described below.

Short-term medications: You can get up to a 31-day supply of medication used on a short-term basis at any Caremark retail network pharmacy. Find a participating pharmacy at www.caremark.com/trsactivecare. Be sure to take your Caremark ID card to the pharmacy.

Maintenance medications: These are taken on a regular basis for conditions such as high blood pressure, diabetes or high cholesterol. You have a choice of four ways to fill your prescription:

- Visit a Caremark Retail-Plus Pharmacy. Find one at www.caremark.com/trsactivecare.
- Use the mail service. Get started with the mail service at www.caremark.com/trsactivecare. Complete the order form for your first fill. You can request refills online or by using the order form that comes with your first fill.
- Use Caremark's FastStart® tool at www.caremark.com/trsactivecare.
- Call FastStart at **1-800-875-0867**.

You can use any of the above to fill your prescription for a 60- to 90-day supply of maintenance medication.

Specialty medications: These are drugs used to treat complex conditions such as cancer or hemophilia. They may be injected, inhaled, infused or taken orally, and may require special handling. You can use Caremark Specialty Pharmacy to fill these prescriptions.

Get started: Call CaremarkConnect toll-free at **1-800-237-2767** or visit www.caremark.com/trsactivecare.

About the convenience fee

You will pay a convenience fee the second time you fill a maintenance medication prescription at a retail pharmacy for a short-term (up to 31-day) supply. You will pay the prescription copay amount shown below:

- For a generic drug: \$35
- For a preferred brand-name drug: \$60
- For a non-preferred brand-name drug: \$90

You can avoid the convenience fee by filling prescriptions for maintenance medications at a *Retail-Plus* pharmacy location or through mail order.

FIND the plan's deductible, coinsurance and out-of-pocket maximum amounts on the TRS-ActiveCare 2 Plan Highlights chart, page 18.

Diabetic meter and supplies

If you have diabetes, you may qualify for new benefits on a blood glucose meter and supplies. Here's how it works:

Preferred brand glucose meter: Free

Short-term retail supplies: Copays will be waived for needles and syringes only if you purchase them on the same day as insulin, and the insulin is processed first.

90-day supply at a Retail-Plus Pharmacy or via mail service: Copays will be waived for needles, syringes and alcohol swabs whether or not they are processed on the same day as the insulin and regardless of brand. To receive test strips and lancets at no cost, you must use the preferred brand. To find preferred brands, go to www.caremark.com/trsactivecare for the preferred drug list.

To learn more, call the CVS Caremark Member Services Diabetic Meter Team at **1-800-588-4456**.

How to save on prescription drugs

Don't pay more for your medication than you have to. Use these tips:

Ask for generics. Ask your doctor if generics are available for the medications you use. Generics can cost significantly less than their brand-name counterparts. They are also pharmaceutically and therapeutically equivalent to brand-name drugs.

Save with preferred brand-name drugs. If a generic drug isn't available, ask your doctor to prescribe a brand-name drug from the preferred drug list. View the list at www.caremark.com/trsactivecare.

Use the Check Drug Costs tool to find a drug cost based on your plan and prescription dosage. Visit www.caremark.com/trsactivecare and look under "Check Drug Costs" for TRS-ActiveCare 2 Network Plan – Check Drug Cost.

Fill short-term prescriptions at a Caremark pharmacy. You'll generally pay more for prescriptions filled at a pharmacy that does not belong to the Caremark network.

Fill maintenance medication prescriptions at a Caremark Retail-Plus Pharmacy or use the mail service. You can save with a 90-day supply of your medication. You can also avoid the *convenience fee* that applies when you fill maintenance prescriptions at a retail pharmacy.

TOOLS, RESOURCES AND APPS

To help you make the most of your TRS-ActiveCare 2 plan

Your plan offers a wide range of tools, resources and apps to help you get the most from your plan and enjoy better health. It all starts with Aetna Navigator, your secure member website. The site has been refreshed and redesigned, and you'll find it easier to get around and find the tools and features you use most.

Register with Aetna Navigator

From finding network doctors near you to checking on a claim or reaching your wellness goals, it's all waiting for you on Aetna Navigator, your secure member website. Have you registered?

Here's how:

1. Have your Aetna member ID card ready.
2. Visit www.trsactivecareetna.com and click "Register on Aetna Navigator."
3. On the Welcome screen, click "Register" next to "First-time users."
4. Fill in the information requested, then click "Continue" to create your login.

Once you log in, you'll arrive at your home page. From here, you can click the icons to:

- confirm covered family members,
- view and print your ID card,
- use DocFind®, the provider search tool to find in-network providers,
- check on a claim,
- get a snapshot of plan benefits,
- use the Member Payment Estimator to see costs for care ahead of time,
- take the Health Assessment,
- view your Personal Health Record,
- get started with your Aetna discounts.

Questions? You can use the "Contact Us" link on any page to email Aetna Member Services.

Call TRS-ActiveCare Customer Service at 1-800-222-9205 to talk with a Concierge.

Get these apps!

Aetna Mobile lets you access the most-used Navigator features and functions on your phone or other device. Use the new fingerprint login to find doctors, show your ID card, check claims, contact Member Services and more. The Aetna Mobile app works with Apple® and Android™ digital devices.

Get it: Text “Apps” to 23862* OR visit www.aetna.com/mobile.

Caremark app gives you real-time, secure access to your prescriptions and pharmacy information. You can look up pharmacies near you, or order prescriptions using mail service, then check the status of your order. You can also view your pharmacy history and check drug costs. Use the app on your Apple and Android digital devices.

Get it: Visit www.caremark.com. On the home page, look for the CVS/Caremark app link to “Download it now.”

Teladoc® app lets you access all the benefits of the Teladoc service via phone. Talk to a board-certified doctor 24/7/365. See page 7 for more about Teladoc.

Get it: Visit www.teladoc.com/mobile or text “Get Started”* to **469-804-9918**.

The MyQuest mobile app lets you schedule appointments, check lab results, share information and more.

Get it: Download the app at www.questdiagnostics.com/myquest.

*Standard text messaging rates may apply.

Get benefits and health care answers

The Aetna Health Concierge is a benefits and health expert who can help with medical benefits and wellness questions. Learn how a claim was paid, find out about programs that can help with specific needs and conditions, get help to find the right care, and much more.

TRS-ACTIVECARE 2 PLAN HIGHLIGHTS

An overview of plan highlights and costs

This guide provides an overview of the tools and resources available under the TRS-ActiveCare 2 plan. For a detailed description of your program, see your TRS-ActiveCare Benefits Booklet. The Benefits Booklet is available online at www.tractivecareetna.com and is the official TRS-ActiveCare statement on benefits. TRS-ActiveCare benefits will be paid according to the Benefits Booklet and other legal documents governing the program.

TRS-ActiveCare is administered by Aetna Life Insurance Company. Aetna provides claims payment services only and does not assume any financial risk or obligation with respect to claims. Prescription drug benefits are administered by Caremark.
