

Panasonic

Digital Proprietary Telephones

Quick Reference Guide

Model **KX-T7625 KX-T7630**
KX-T7633 KX-T7636

Important Information

When using the KX-T7600 series, keep the following conditions in mind.

- If there is any problem, unplug the extension line and connect a known working phone. If the known working phone operates properly, have the defective phone repaired by a specified Panasonic Factory Servicenter. If the known working phone does not operate properly, check the KX-TDA series Business Telephone Systems and the internal extension wiring.
- Keep the unit away from heating appliances and electrical noise generating devices such as fluorescent lamps, motors and televisions. These noise sources can interfere with the performance of the unit.
- This unit should be kept free of dust, moisture, high temperature (more than 40 °C [104 °F]) and vibration, and should not be exposed to direct sunlight.
- Do not use benzine, thinner, or the like, or any abrasive powder to clean the cabinet. Wipe it with a soft cloth.
- Do not use any handset other than a Panasonic handset.
- Do not disassemble this product. Dangerous electrical shock could result. The unit must only be disassembled and repaired by qualified service technicians.
- When a failure occurs, which exposes any internal parts, disconnect the telephone line cord immediately and return this unit to servicenter.
- Never attempt to insert wires, pins, etc., into the vents or other holes of this unit.

WARNING:

TO PREVENT THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS PRODUCT TO RAIN OR MOISTURE.

THIS HANDSET EARPIECE IS MAGNETIZED AND MAY RETAIN SMALL FERROUS OBJECTS.

IMPORTANT NOTICE:

Under power failure conditions, this telephone may not operate. Please ensure that a separate telephone, not dependent on local power, is available for use in an emergency.

Thank you for purchasing the Panasonic KX-T7600 series, Digital Proprietary Telephone. Please read this manual carefully before using this product and save this manual for future use.

This manual is designed to be used with your Digital Proprietary Telephone and a Panasonic KX-TDA series Business Telephone System.

Note: In this manual, the suffix of each model number is omitted.

- Consult your dealer for more details about the feature numbers.
- You can change the flexible CO buttons to feature buttons.
- “Location of Controls” is shown on page 11.

Using the Display Proprietary Telephone

◆◆ Using the Call Log or Directories

You can make a call with the call log or directories as follows:

- Outgoing Call Log
- Incoming Call Log
- Extension Number Directory
- System Speed Dialing Directory
- Personal Speed Dialing Directory

◆ Calling with a call log or directory

- To cancel or exit, press **CANCEL** or **EXIT**.

◆ Clearing the log information

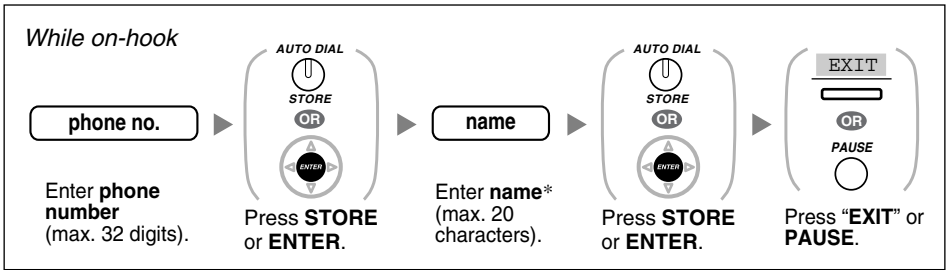

◆ Storing the caller's information for the Personal Speed Dialing Directory

- * To enter characters, refer to "Entering Characters".

Using the Display Proprietary Telephone

◆ Storing names and numbers for the Personal Speed Dialing Directory

* To enter characters, refer to "Entering Characters".

◆◆ Accessing the System Features

You can access these features with the "Feature Access" menu:

- Automatic Callback Busy Cancel**
- Group Call Pickup**
- Directed Call Pickup**
- Doorphone Call**
- Door Open**
- External Background Music**
- Paging**

• For further information, refer to the Business Telephone System User Manual.

Using the Display Proprietary Telephone

◆◆ Entering Characters

You can enter alphabetic characters and digits using the dialing buttons. Pressing a dialing button repeatedly displays different characters, as shown in the following tables. While entering characters, you can move the cursor with the left and right Navigator keys and delete a character with the TRANSFER button.

To toggle between Table 1 and Table 2, press the Soft button (S1) at any time while entering characters.

Table 1 (Standard mode)

		<input type="text" value="1"/>	<input type="checkbox"/> Yes-Headset on [Headset Mode On]
Would you like to set your extension PIN or change a stored extension PIN to new one? (Extension PIN [Personal Identification Number])	<input type="text" value="9"/> <input type="text" value="0"/> [Extension PIN]	extension PIN (max. 10 digits) + ENTER/STORE + same PIN	To set an extension PIN
		stored extension PIN + new PIN (max. 10 digits) + ENTER/STORE + same PIN	To change a stored extension PIN to new one
Would you like to prevent others from seeing your personal directory and call log? (Directory and Call Log Lock)	<input type="text" value="9"/> <input type="text" value="2"/> [Display Lock]	extension PIN (max. 10 digits) + <input type="text" value="0"/>	<input type="checkbox"/> To unlock [Display Lock Off]
		extension PIN (max. 10 digits) + <input type="text" value="1"/>	<input type="checkbox"/> To lock [Display Lock On]

WARNING
When a third party discovers the password (extension PIN) of the Business Telephone System, there will be a risk that they will make fraudulent phone calls using the telephone line, and the cost will be charged to your own account. In order to avoid this problem, we strongly recommend the following points:
 a) Carefully maintain the secrecy of the PIN.
 b) Specify a complicated PIN as long and random as you can make it.
 c) Change the PIN frequently.

- If nothing is entered for one minute in the programming mode, the telephone returns to normal status.
- To exit the mode at any time, lift the handset.
- For further information on “Settings on the Programming Mode”, refer to the Business Telephone System User Manual.

Location of Controls

◆ KX-T7636

* Headset (option)
 Recommended: KX-TCA86, KX-TCA91,
 KX-TCA92
 Do not use a KX-T7090 headset.
 To order, call toll-free 1-800-332-5368

Location of Controls

PAUSE:
 Used to insert a pause when storing a telephone number. This button also functions as the PROGRAM button when there is no PROGRAM button on your telephone.

FWD/DND (Call Forwarding/Do Not Disturb):
 Used to perform Call Forwarding or Do Not Disturb.

CONF (Conference):
 Used to establish a multiple-party conversation.

INTERCOM:
 Used to make or receive intercom calls.

AUTO ANS (Auto Answer)/ MUTE:
 Used to receive an incoming call in hands-free mode or mute the microphone/handset during a conversation.

AUTO DIAL/STORE:
 Used for System/Personal Speed Dialing or storing program changes.

TRANSFER:
 Used to transfer a call to another party.

REDIAL:
 Used to redial the last dialed number.

MESSAGE:
 Used to leave a message waiting indication or call back the party who left the message waiting indication.

FLASH/RECALL:
 Used to disconnect the current call and make another call without hanging up.

HOLD:
 Used to place a call on hold.

SP-PHONE (Speakerphone):
 Used for the hands-free operation.

Navigator Key (KX-T7630/7633/7636):
 Used to adjust the volume and the display contrast or select desired items.

Volume Key (KX-T7625):
 Used to adjust the volume.

CANCEL (KX-T7630/7633/7636):
 Used to cancel the selected item.

PROGRAM (KX-T7625):
 Used to enter and exit the personal programming mode.

ENTER (KX-T7630/7633/7636):
 Used to confirm the selected item.

CO:
 Used to make or receive an outside call. Pressing this button seizes an idle outside line automatically. (Button assignment is required.)
Also used as feature buttons. (Button assignment is required.)

Message/Ringer Lamp:
 When you receive an intercom call, the lamp flashes green, and on an outside call, the lamp flashes red. When someone has left you a message, the lamp stays on red.

Soft Buttons (KX-T7630/7633/7636):
 Used to select the item displayed on the bottom line on the display.

Connection

- Consult your dealer for more details about XDP.

Setting

Speaker volume	<i>While in hands-free conversation</i>	 / 
Handset/Headset volume*	<i>While using the handset or headset</i>	Press Up or Down .
Ringer volume	<p>KX-T7625 <i>While on-hook or receiving a call</i></p> <p> Slide the lever of the Ringer switch to (Off/On).  If On is selected, press Up or Down.</p> <hr/> <p>KX-T7630/7633/7636 <i>While on-hook or receiving a call</i></p> <p> Press Up or Down.</p>	
LCD Contrast	KX-T7630/7633/7636 <i>While on-hook</i>	 →   →  →  →  → 
Ring Tone	 →    →     →     →   	Press Twice .

* If you hear your own voice through the handset or headset, decrease the volume.

Tilt Angle Adjustment

The tilt angle of the operation board can be adjusted to one of four angles.

To lift: Lift up the operation board to the desired step-angle (1 → 2 → 3 → 4).

To set down: Lift up the operation board to the highest angle and then press down to step-angle 1. **Be careful not to get your fingers caught between the base and the operation board.**

- Pull down the handset hook until it locks to prevent the handset from slipping down from the operation board when at step-angle 4.

Wall Mounting

- 1 Set the operation board to step-angle 1.

- 2 Connect the telephone line cord, and then attach ① first and then ② of the wall mounting adaptor.

- 3 Mount the unit on the wall.

- 4 Pull down the handset hook until it locks, so the tab holds the handset. **To temporarily place the handset down during a conversation,** hook it over the top edge of the phone as shown.

* Model shown is KX-T7636.

Installing the KX-T7601/KX-T7603

To prevent damage to the telephone, be sure to unplug the extension line before you set up or remove the USB Module or the Add-on Key Module.

◆◆ KX-T7601 (For KX-T7633/7636) includes USB cable

The USB Module can be connected between the digital proprietary telephone and the personal computer through USB interface to implement personal CTI (Computer Telephony Integration).

- 1 Remove the connector cover using a screwdriver.

- 2 Insert the flat cable into the connector.

- 3 Couple both hinges and slide in the unit.

- 4 Push down the cover until it locks, and connect the USB cable to USB port.

* Please use a USB cable shorter than 3 m (3.28 yards).

◆◆ KX-T7603 (For KX-T7633/7636)

The Add-on Key Module has 12 CO buttons. These buttons are used to seize an outside line, make a call using One-touch Dialing, or access certain features.

<with a KX-T7636>

- 1 Open the cover.

- 2 Attach the KX-T7603 to your telephone with screws.

- 3 Insert the flat cable into the connector.

- 4 Close the cover.
